The Annual Board of Directors Meeting will be held Sunday morning. We encourage you to attend these meetings and see how your board works for you. We continue to look for directors and officers so if you are interested please contact me. We also are still looking for someone to fill the Treasury position.

FLY FISHING SCHOOL & FAIR  June 12-14, 2015

Beginning Fly Fishing School to include on-stream instruction. The instructor is Paul Drewry assisted by members of Flygirls of Michigan. You will learn about equipment and gear, knots, casting, entomology, fly selection, reading the water, on-stream tactics, and fly fishing etiquette. Saturday will be spent on the river with the instructors. Box lunch is provided. Students will need, all species fishing license, waders, rod, reel and line, nail nippers, and sunglasses. The beginning school starts at 12:30 pm Friday afternoon with classroom instruction and Saturday’s instruction will be on the South Branch of the Au Sable River. Some loaner rod and reel set ups are available. Call Terry Greiner, 517-694-5358 or email tlgreiner@comcast.net to reserve a rod and reel setup.

Fly Tying Workshops will be offered Friday afternoon, Saturday morning and Saturday afternoon. These workshops are for tyers with at least some experience in tying. The instructors will be Julie Neilson, Harry Barnes, and Christopher Soule. On Friday afternoon a workshop with Julie Neilson is being offered starting at 1 p.m. After extensive “research and development Julie has come up with a few “work everywhere” trout flies that she will teach, as well as the where and when to fish them. Just bring basic tying tools, materials will be provided. Harry’s workshop is Saturday morning and it will be focused on tying South Texas Saltwater flies. In addition to basic tools, students should bring a hair stacker and black and white tying thread. Saturday afternoon’s workshop features Christopher Soule who will be providing a program on nymph patterns. This will be a graduated presentation with patterns increasing in complexity. Nymphs may include the Frenchie, Purple Prince, Shaggy PT, and Shimmer Caddis. Only basic tools will be needed. 6/0 and 8/0 thread in black is fine. While there is no charge for tying at the workshops we do ask you to pre-register so we know how many tyers to have hooks and materials for (bring your own equipment). You are also welcome to just come and watch.

An Introduction to Fly Casting Class will be conducted by Terry Tatarchuk and Staff on Friday afternoon. On Saturday morning you can continue to work on your casting at the Fly Casting Clinic with Terry & Staff. On Saturday afternoon, John Johnson & Staff will do an Intermediate Fly Casting Clinic. Rods are provided or bring your own. This year we are asking that you preregister for the casting workshops (no charge) so we can insure we have sufficient instructors available.

An On-stream Workshop will be conducted on Saturday morning by Jon Stefanciw. This highly popular on-stream workshop will focus this year on streamer fishing tactics and will be geared to beginners and intermediate fly fishers. Jon will cover proper techniques, mending, casting indicators and nymph selection. He will discuss rod, reel, line, fly selection, and water types to look for. You will need fishing license, waders, flyrod & reel, and sunglasses. An On-stream Workshop will be conducted on Saturday morning by Herb Grenke. Herb will be teaching and demonstrating the Czech nymphing technique. The Czech national team has dominated the international fly fishing championship for several years. The key to their success is a technique that uses three nymphs and enable the fisherperson to keep the bait
